Dear Candace,

This is Rosemarie, and you groomed our Shih Tzu "Little Girl." We had been unable to see her face and she absolutely refused to allow me to get near her to do it. She is sensitive, and has been known to become somewhat feisty. You were able to "wedge her in as an emergency" to your very crowded schedule.

We couldn't be happier with your efforts. When Bob picked her up she was prancing and dancing. YOU DID AN AMAZING JOB ON HER!! I am a tremendously picky person who rarely, if ever gives a compliment, so let's just say you truly earned the praise.

Your price was competitive and the job you did, was outstanding. I almost didn't recognize "Little Girl" when she came home. For sure, we will be bringing her back and our other three furry family members, as well. They seem a bit jealous of her red-carpet treatment; and rightly so.

Again, thanks for the super service.

Most Sincerely,

Rosemarie and Bob
